

Liberty Powered by Diamond

Our Liberty Series is full-access and is powered by the Diamond Cabinetry brand . Diamond is a subsidiary of MasterBrand Cabinets, Inc., an industry leader that comprises a breadth of quality cabinet brands. Since 1926, MasterBrand Cabinets has earned its reputation as one of America's top cabinetmakers, and Diamond has contributed significantly to this achievement.

Diamond is a certified member of the Kitchen Cabinet Manufacturers Association's (KCMA) Environmental Stewardship Program, and demonstrates an ongoing commitment to sustainability. By achieving this certification, Diamond goes beyond minimum industry requirements and demonstrates leadership in a growing area of concern and importance.

Diamond Cabinetry is manufactured in the United States, and majority of its components are purchased within the U.S, but there are some components that are globally sourced.

By purchasing our Liberty Series, you can rest assured that you are getting good quality with affordable pricing because it's sourced from a reputable brand, and that is Diamond.
